*Newark, N. J., U. S. A.*

---

FOR SALE BY

## *The Wiss Simplex Shear Bolt.*

*Patent Applied for.*

All the objections and annoyances of the old style bolt done away with.

No springs, no levers or other parts to be lost or become out of order.

The shear can be easily taken apart.

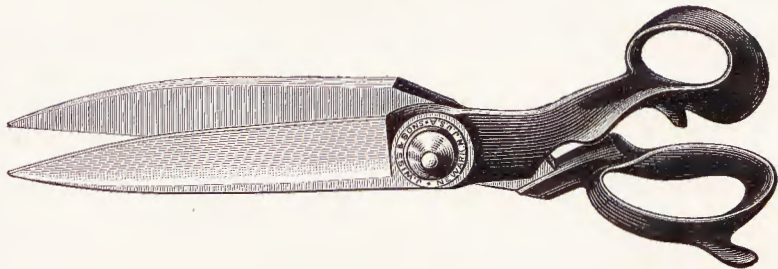

The bolt when taken out of the shear consists of only two pieces and can only be replaced correctly.

The operator can quickly adjust the shear to work looser or tighter by the use of an ordinary small screw driver and a slight turn of the nut.

The bolt is so simple and practical in construction that it at once receives the endorsement of all mechanics and tailors who see it.

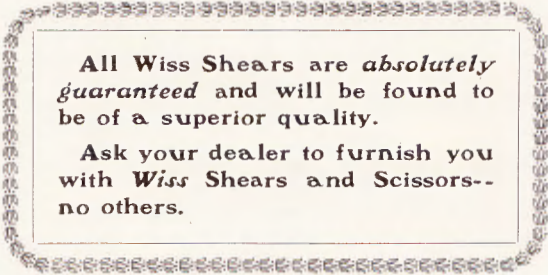

*We make Left Hand Tailor Shears—most complete line made.*

## *Simplex Tailors' Shears.*

Number	Full Length	Price Per Pair	Per Pair
5 N	13 inches.	\$ 8.00	33/4
