# BOKER TREE BRAND KNIVES QUALITY STORY

Boker Tree  Brand is one of the most respected trademarks in the field of fine cutlery. It is America's oldest name in pocket and sporting knives . . . since 1837.

Boker Tree Brand Knives have a tradition of quality that is founded on the skill, experience and dedication of master craftsmen. It is their constant striving to produce a product in which they can individually take pride that guarantees the continuing superior quality of Boker Tree Brand pocket and sporting knives.

But workmanship is only part of the story . . . a Boker Tree Brand Knife is made only of the finest materials. Blades are made of Special Chrome-Vanadium Alloy Steel for extra fine edge-holding ability. Bolsters for Boker Tree Brand Knives are made from nickel silver or special alloys that give strength and beauty to the knife . . . the linings are brass. Handle materials are selected for their durability and attractiveness.

These fine time-proven materials, when crafted skillfully and patiently in the hands of a master cutler, produce a truly fine quality Boker Tree Brand Knife.
