## TREE BRAND

### POCKET KNIFE

America's oldest name in pocket and hunting knives . . . since 1837.

Created by master cutlers . . . with craftsmanship and a tradition passed down from generation to generation . . . combined with the most advanced materials technology to provide you with this high quality knife.

#### QUALITY STORY

Boker Tree Brand Knife blades are made of the finest high-carbon alloy steel, the grade that takes the keenest edge and holds it. Solid brass, corrosion-free linings, nickel-silver bolsters, tempered steel springs and functional, attractive handles that will not break, crack or chip, if dropped, make these knives tops in quality.

#### USE OF YOUR KNIFE

To open, hold your knife in your left hand. The nail of the right thumb should be inserted in the nail nick provided for opening purposes. Lift the blade out. When closing your knife, be careful that your fingers are not between the blade edge and the

handle. Hold the knife firmly and pressing against the back of the blade, fold the knife closed. Always keep your knife closed when not in use.

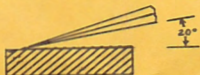

#### CARE OF YOUR KNIFE

Your Tree Brand knife is a quality tool and deserves proper care. A drop of oil applied occasionally at the joint, where the blade hinges, will preserve the spring action and prevent rust. Keep your knife clean and dry, free of dirt and moisture.

To sharpenen, use a good quality sharpening stone and a few drops of light oil, *never water*.

#### Proper Knife Sharpening Angle

#### GUARANTEE

All Boker Tree Brand Knives are carefully inspected before leaving the factory. J. WISS & SONS CO. guarantees them against defects in workmanship or material provided they are used under normal conditions and are not abused. Any item claimed defective must be returned to the factory, mailing costs prepaid. If we determine the item is defective, it will be replaced free of charge. In no event will J. WISS & SONS CO. be responsible for any damage beyond the original purchase price of the knife.
